COPPER FOX OFFERS PRIVATE PLACEMENT TO EXISTING SHAREHOLDERS

Calgary, Alberta – May 1, 2017 – Copper Fox Metals Inc. (“Copper Fox” or the “Company”) (TSX-V: CUU – OTC: CPFXF) announced today that it is expanding its non-brokered private placement (the “Offering”) previously announced on April 19, 2017, to include existing shareholders of the Company, subject to certain limitations. The Offering is subject to TSX Venture Exchange final acceptance.

As previously announced, the Offering will consist of up to 6,250,000 units (each a “Unit”) at a price of \$0.12 per Unit. Each Unit will consist of one common share in the capital of the Company (a “Common Share”) and one whole common share purchase warrant (a “Warrant”). Each Warrant will entitle the holder to purchase one Common Share for an exercise price of \$0.15 during the first 12 month period after the closing of the Offering and \$0.17 during the second 12 month period after the closing of the Offering. In the event that the 20-day volume weighted average price of the common shares listed on the TSX Venture Exchange is above \$0.20, the expiry date of the Warrants will be accelerated to a date that is 30 days after the first date such threshold is met.

As noted above, the Offering is being made available to existing shareholders of the Company who qualify under the “existing security holder prospectus exemption” available in certain jurisdictions in Canada (the “Existing Security Holder Exemption”).

As the Existing Security Holder Exemption contains certain restrictions and is only available in certain jurisdictions in Canada, others that do not qualify under the Existing Security Holder Exemption may qualify to participate under other prospectus exemptions, such as the accredited investor exemption.

To comply with the criteria of the Existing Security Holder Exemption, the ability of existing shareholders holders to participate in the Offering shall be subject to, among other criteria, the following:

- April 18, 2017 has been set as the record date (the “Record Date”) for the purpose of determining existing security holders entitled to purchase Units pursuant to the Existing Shareholder Exemption (such date being one day prior to the initial announcement of the Offering).
- To participate, a qualified shareholder must deliver an executed subscription agreement in the required form, which will include the requirements of the Existing Security Holder Exemption (including, among other things, that the subscriber was as of the Record Date and continues to be as of the date of closing, a shareholder of the Company and that the subscriber is purchasing the Units as principal for his or her own account). Contact information to obtain the subscription form is set out below.
- The aggregate acquisition cost to a subscriber under the Existing Security Holder Exemption cannot exceed \$15,000 per twelve month period unless that subscriber has obtained advice from a registered investment dealer regarding the suitability of the investment.

- Subscriptions will be accepted by the Company on a “first come, first served basis”. Therefore, if the Offering is over-subscribed it is possible that a shareholders subscription may not be accepted by the Company. Additionally, in the event of an imbalance of large subscriptions compared to smaller subscriptions, management reserves the right in its discretion to reduce large subscriptions in favour of smaller shareholder subscriptions.

Further terms and conditions shall be set out in the form of subscription agreement that will be made available to interested shareholders, who are directed to contact the Company as follows:

The Offering is expected to close by mid-May, 2017. In accordance with applicable securities legislation, securities issued pursuant to the Offering are subject to a hold period of four months plus one day from the date of the completion of the Offering.

The net proceeds raised from the Offering will be used for ongoing activities and general corporate purposes of the Company.

The Offering may include one or more subscriptions by insiders of the Company, which will include a subscription by Mr. Ernesto Echavarria, a director, insider and a control person of the Company (as defined by the policies of the TSX Venture Exchange) of a minimum of 3,750,000 Units.

Subscriptions completed by insiders in the Offering, including the subscription by Mr. Echavarria, may constitute a “Related Party Transaction” under Policy 5.9 of the TSX Venture Exchange which adopts Multilateral Instrument 61-101 (“MI 61-101”) as a policy of the TSX Venture Exchange. In completing such transactions, Copper Fox intends to rely on the applicable exemptions from the valuation requirement and minority security holder approval requirements available under Sections 5.5(a) and 5.7(a) of MI 61-101, respectively, on the basis that the participation in the private placement by insiders will not exceed 25% of the Company’s market capitalization.
